

Why should you be part of the Marshfield Chamber?

- **NETWORKING** - It's not really networking — it's about gaining friends, associates, and possible advocates. Building that lasting and meaningful relationship can help gain the trust you need to obtain business with others. We are a trusted network of local businesses where customers prefer word-of-mouth referrals from known sources to conduct business.
- **VISIBILITY** - While many companies are marketing their business online with some success, nothing sells your business better than meeting people face-to-face. The Chamber will provide many opportunities to spend time with individuals and you will be the first person they consider when looking for your product or services. We are **MORE** than a business card exchange. We develop and sustain lasting relationships throughout our community!
- **ADVOCATE & CONNECT**- On behalf of your business we work with local and state officials to represent the interests of our community. Our Chamber works very closely with local and state officials to provide a representative business voice when needed. We are **YOUR BIGGEST FANS!** We support our members in person, on social media, and in print. We have a virtual calendar of events that is continuously updated with the latest information.
- **COMMUNITY** - We know that entrepreneurship and business are difficult, but many hands make light work, and having a community of fellow professionals and an entire organization here to help can make a world of difference. Whether you need someone to bounce ideas off of, collaborate with, or guide you, the Chamber offers an entire community of help.
- **SPONSORSHIPS** – The Marshfield Chamber offers a myriad of sponsorship opportunities to support many of our initiatives including Women in Business, Networking Events, Behind the Business Video Series, Networking on the Green (golf tournament), Marshfield Lobsterfest, Internship Program with Marshfield High School, and Leaders of the Year celebrating a citizen and business leader in Marshfield. Your business can sponsor an entire program or a specific event. We're here to help you get the best return on your marketing spend and will help you choose the sponsorship level that's right for you, while actively promoting your business to an ever-growing audience of other professionals and community members.
